

Coursework Requirements for the M.S. in Geology and Geophysics

- 1) 30 hours at 4000-level and above (list all courses taken and completed successfully. List **no more than 6 hours** of Thesis Research (Geology 8000) maximum.)

Course Number and Name	Credit Hours	Grade
------------------------	--------------	-------

Total hours (must be at least 30) _____

- 2) 7000-level Coursework (list all formal courses, i.e. not Independent Research (e.g. Geology 7909), etc.)

Course Number and Name	Credit Hours	Grade
------------------------	--------------	-------

Total hours (must be at least 13) _____

- 3) Graduate Seminar Coursework (list all seminar-format courses)

Course Number and Name	Credit Hours	Grade
------------------------	--------------	-------

Total hours (must be at least 4) _____

- 4) The results of each of the above 3 subsets must be >30 hours (with no more than 6 hours of Thesis Research), >13 hours, and >4 hours, respectively. Failure for any one section to be fulfilled means more coursework before Thesis Defense can be scheduled.
